

TACENS

VALEO III

500W / 600W / 700W

VALEO III is the third generation of TACENS PSUs with the unique patented TACENS 0dB Technology. The TACENS patented 0dB Technology it's an state of the art technology combination like exclusive heatpipe cooling with external heatsink, computerized intelligent fan control and high efficiency and quality components. This technology allows the PSU fan only rotate in very hot or high system load situations.

This third generation TACENS 0Db Technology makes VALEO III the absolute more silent powerful PSUs in the world.

In other hand, the safety and reliability of TACENS VALEO III PSUs are maximum and they received the international certification 80PLUS BRONZE for its high efficiency and quality (500&600).

But these PSUs are not only one of the most silent, safe and reliable PSUs... they are also loaded of extra features like TACENS full antivibration system, modular black mesh cables and also they look beautiful with their silver/black combination casing, big black external heatsink and chromed logo.

- New exclusive patented technology tacens 0db pro with external heatpipe cooling
- Top quality ultrasilent 139mm fan that works only when needed
- Extreme high efficiency up to 89% with 80plus® bronze official certification
- Active pfc (pf>0.99) for extremely stable and efficient power conversion
- Modular smart cable management system with black sleeving
- Powerful dual +12v rails for extremely stable and powerful performance
- All electronic security system protections included
- Exclusive tacens full antivibration system

AC Input	230V 6A 50Hz					
DC Output	+3.3V	+5V	+12V1	+12V2	-12V	+5VSB
Max. Current	24A	24A	20A	20A	0.5 ^a	2.5A
Max. Combined Wattage	+3.3V+5V: 150W / MAX. POWER: 500W					
Cables	5xHDD, 1xFDD, 6xSATA, 2xPCI-E 6+2 pin					

AC Input	230V 6A 50Hz					
DC Output	+3.3V	+5V	+12V1	+12V2	-12V	+5VSB
Max. Current	24A	24A	22A	22A	0.5A	2.5A
Max. Combined Wattage	+3.3V+5V: 150W / MAX. POWER: 600W					
Cables	5xHDD, 1xFDD, 6xSATA, 2xPCI-E 6+2 pin					

AC Input	115-230V 10A/6A 50-60Hz					
DC Output	+3.3V	+5V	+12V1	+12V2	-12V	+5VSB
Max. Current	25A	25A	23A	23A	0.5A	2.5A
Max. Combined Wattage	+3.3V+5V: 150W / MAX. POWER: 700W					
Cables	5xHDD, 1xFDD, 6xSATA, 2xPCI-E 6+2 pin
